

Fire in the lake: The Vietnamese and the Americans in Vietnam

This landmark work, based on Frances FitzGerald's own research and travels, takes us inside Vietnam—into the traditional, ancestor-worshipping villages and the corrupt crowded cities, into the conflicts between Communists and anti-Communists, Catholics and Buddhists, generals More... and monks—and reveals the country as seen through Vietnamese eyes. With a clarity and authority unrivaled by any book before it or since, *Fire in the Lake* shows how America utterly and tragically misinterpreted the realities of Vietnam.
