

Lighthouses of New England (Snow Centennial Editions)

Reissue of one of Edward Rowe Snows most enduring classics. First published in 1945, it relates the histories of over fifty of the regions lighthouses in rich detail. Snow gives special emphasis to the story of heroine Abbie Burgess at Maines Matinicus Rock Light, to the rich histories of Boston Light and Minots Ledge Light. Modern-day lighthouse expert Jeremy DEntremont has provided extensive annotations to Snows chapters, bringing the information about each lighthouse up to date.
