

Social Worker as Researcher: Integrating Research with Advocacy, Books a la Carte Edition

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Normal 0 false false false EN-US X-NONE X-NONE

Provides a unique human rights and social justice framework to social work research.

This book is part of the Connecting Core Competencies Series. This series helps students understand and master CSWEs core competencies with a variety of pedagogy highlighted competency content and critical thinking questions for the competencies throughout. Using an innovative approach, *Social Worker as Researcher: Integrating Research with Advocacy*, applies a human rights and social justice framework to social work research and evaluation as an essential tool for social work advocacy. It provides detailed coverage of the research and evaluation process from framing the problem, designing and implementing the study, and taking action with the results. It documents the history and contemporary

methods of who, what, where, and why we do as a means to understanding and eradicating individual and social problems and evaluating solutions. The text is filled with material on critical thinking and evidence-based practice decision-making skills, vivid case examples, and experiential exercises to capture the thinking, feeling, and doing of research. It makes linkages to social work research and evaluation as a problem solving process and carefully documents the systematic step-by-step process of designing and implementing research for action.

Teaching & Learning Experience

Personalize Learning MySocialWorkLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.

Improve Critical Thinking The text encourages readers to take a reflective action-oriented approach to understanding problems and using research and evaluation.

Engage Students Real world social work research and evaluation examples, vivid case examples and experiential exercises help students relate theory to practice.

Explore Current Issues Up-to-date information on human rights and social justice issues is included.

Apply CSWE Core Competencies Integrates the 2008 CSWE EPAS throughout highlights competencies and practice behaviors and includes expensive pedagogy. MySocialWorkLab adds value with core competency videos and hundreds of competency-based questions. Support Instructors An Instructors Manual and Test Bank, Computerized Test Bank (MyTest), BlackBoard Test Item File, MySocialWorkLab with Pearson eText, and PowerPoint presentations are included in the outstanding supplements package.

Note: MySocialWorkLab does not come automatically packaged with this text. To purchase MySocialWorkLab, please visit: www.mysocialworklab.com or you can purchase a valuepack of the text +
