

Moscow Option: An Alternative Second World War

This alternate history looks at WW2 from a new angle -- what might have happened had the Germans taken Moscow in 1941. Based on authentic history & real possibilities, this speculative narrative plays out the consequences of opportunities taken & examines the grotesque possibilities of a 3rd Reich triumphant. On Sept. 30, 1941, the Germans fight their way into the ruins of Moscow & the Russia collapses. Although Russian resistance continues, German offensives are launched in Africa, the Mediterranean & the Middle East. Hitlers armies, assured of victory, make their leaders dreams reality & Allied hopes of recovery seem hopelessly doomed. Downing convincingly blends actual history with the stimulating world of alternate events. Illus.
